

# 8-4-16

## Endurance™

- Formulated to revitalize and strengthen turf, as well as improve color. It conditions and improves depleted soils while protecting ground water from nutrient leaching and high heavy metal concentrations.
- Designed to be used as a substitute for 16-4-8 Turf Rally™ when smaller amounts of nitrogen are required. It will produce the same color improvements during the warmer summer months. Additionally, 8-4-16 Endurance™ is the ideal fertilizer for promoting wear tolerance and stress resistance. Apply early or late fall to maximize overwinter survivability.
- 100% of the potassium source is Great Salt Lake Sulfate of Potash, derived from solar evaporation ponds. It has the lowest salt index of any raw potassium source.
- Contains 6% Sulfur and 8% Calcium, 3% Iron, .20% Manganese & .10% Zinc.
- Contains at least 3.2% leonardite, a non-plant food ingredient derived from plant and animal fossils. This combines with available sulfur to improve poor soil conditions, buffer salts, and provide a carbon source to help neutralize toxins.
- Offers sustained, even feeding and color for 8-10 weeks, with less frequent mowing.
- Nutrient release and subsequent plant uptake determined by microbial activity and will vary based on soil moisture, temperature, pH, and turfgrass species.

*This product contains both organic and inorganic ingredients and needs to be watered in thoroughly after application.*

GreenSpec™ Granular Fertilizers

### GUARANTEED ANALYSIS

Total Nitrogen (N) .....	8.0%
2.00% ammoniacal nitrogen	
4.50% water soluble nitrogen	
1.50% water insoluble nitrogen	
Available Phosphate (P <sub>2</sub> O <sub>5</sub> ) .....	4.0%
Soluble Potash (K <sub>2</sub> O) .....	16.0%
Calcium (Ca) .....	8.0%
Total Sulfur (S) .....	6.0%
6.0% Combined Sulfur (S)	

Iron (Fe) .....	3.0%
1.50% Water Soluble Iron (Fe)	
Manganese (Mn) .....	0.20%
0.08% Water Soluble Manganese (Mn)	
Zinc (Zn) .....	0.10%
0.04% Water Soluble Zinc (Zn)	

Derived from blood meal, bone meal, urea, ammonium phosphate, sulfate of potash, ferrous sulfate, iron sucrate, manganese sucrate, zinc sucrate, kelp (Ascophyllum nodosum).

**ALSO CONTAINS NON PLANT FOOD INGREDIENT:**  
3.20% humic acid derived from leonardite

**Water in thoroughly after application to help speed up breakdown.**

**Do not drag this product into aeration holes.**

*For MSDS information and spreader settings visit [www.griggbros.com](http://www.griggbros.com)*

**Most fertilizer products stain. Keep this product off unwanted areas such as sidewalks, patios, driveways, fences, painted surfaces, masonry, stucco surfaces, and siding. As a precaution Spray off these areas with water.**

### SUGGESTED GRANULAR APPLICATION RATES:

**FAIRWAYS:** 6-12 lbs. / 1000ft<sup>2</sup> • 261-522 lbs. / Acre

**GREENS:** 3-6 lbs. / 1000ft<sup>2</sup> • 131-261 lbs. / Acre
